Creating an account

In this section, you'll learn how to create an account with Awesome Software 2.0.

Before starting, make sure you're connected to the internet.

The image shows a 'Create Account' dialog box with a close button (X) in the top right corner. Below the title, a password requirement note states: 'Passwords must have a minimum of 6 characters, including at least one upper case and one digit.' There are three input fields: 'User Email', 'Password', and an empty field. Below the fields is a checkbox labeled 'Remember Password' which is checked. At the bottom right are two buttons: 'Create Account' (highlighted in blue) and 'Cancel' (greyed out).

Figure 1: Create an account

1. Install Awesome Software 2.0 (see [Installation](#) on page 3)
2. In the popup dialog, enter your email and password
3. Click **Create Account**
